LYCON's super gentle strip waxes are known for their superior glide, extra strong grip, a non-sticky finish and no skin drag! LYCON professional strip waxes contain a special blend of natural resins and aromatherapy oils to grip and remove hair as short as 2mm while conditioning and soothing the skin with LYCON's unique Titanium Dioxide technology. Therapists can ensure total customer comfort and satisfaction even for their most fastidious clients.

HAPPY LYCON™ precision waxing!
